The Inaugural **International Academy of Sportology** **successfully finished!!**

March 5, 2011 / ARIYAMA Noboru Memorial Hall, Juntendo University

We are taking this opportunity to express our hearty thanks to your contribution for the first Congress of International Academy of Sportology in Juntendo University, Tokyo. We are very much pleased to inform you that more than 500 members have actively participated, and 6 invited speakers and 62 poster presenters delivered their excellent research works. We also enjoyed the Luncheon Seminar by Olympic gold medalists, Associate professor SUZUKI Daichi and Assistant professor TOMITA Hiroyuki. We believe all of these events were very stimulating and enjoyable. The success of the Congress has been absolutely obliged to your contribution. We thank you again for your advice and dedicated efforts to make this Congress possible. We do hope to discuss further the progress in our research work on the next occasion.
